|---|--|--|
| AGENDA | | |
| Agenda Item | Notes | Action |
| <p>1. Matters Arising - last Eco Squad Meeting:</p> | <p>We decided upon a topic (school grounds) to cover to go for the bronze/silver award. We thought of things to do to achieve the needs of that topic. We decided when outdoor learning week would occur. We made a class rota so everyone could have a shot planting in the garden.</p> | |
| <p>2. Next Steps</p> | <p>Our next topic is Energy- Show letter written by Mrs Byron again. What can we do to save energy? What could we put in place in the school.</p> | <p>Make "turn off" stickers to put in every classroom for the light switch/computer/whiteboard.</p> <p>Ask Mr Boyle is we have energy efficient lightbulbs in the classroom.</p> <p>We already have timers. Can we change the timers to 10 minutes instead of 20?</p> <p>Organise a day every week where we open all the blinds/curtains and use natural light instead of switching on the lights. Working towards having a day a week without any power on.</p> <p>Possibility of a energy saving day where we learn about making energy in other ways. E.g. potato battery/lemon battery</p> <p>Electricity timers out of school hours.</p> <p>Eco Squad responsible for making sure the IWB goes off/lights/etc.</p> <p>Assembly to school.</p> |
| <p>3. Outcomes for children</p> | <p>The money we save can be used for more important things.</p> | |
| <p>4. Diary dates</p> | | |
| <p>Date of next meeting</p> | <p>Spring Term</p> | |
| <p>Items for next meeting</p> | <p>How are we going in the new topic? What have we achieved so far?</p> | |
